Honoring Heroes

The Pioneers will host a special night for the first home game of the 2023 football season. Veterans, active military members, and first responders will receive free admission to the Sept. 1 football game. Those in attendance are encouraged to be honored on the field before the game.

Friday's game will also be the first with new home and visitor bleachers at MHS. The new bleachers replace the more than 50-year-old bleachers and include several new safety and accessibility features.

Below: The new bleachers include additional entrances, exits, and handicapped accessible ramps. The area has been expanded so the band can fit in beside all of the home fans.

Below right: The 1973 MHS freshman football team was one of the first to have a team photo on the bleachers. The MHS football field moved from behind Newby Elementary to its current location and the old bleachers were built in 1971-1972.

Back to School

Officer Leap from the Mooresville Police Department stopped by second grade at Northwood to read *Officer Buckle and Gloria*. As an added bonus, he met up with his own second grade teacher, Mrs. Elliott (see inset).

How Hot Was It?

Neil Armstrong second graders knew it was hot last week and even learned about the heat index, but they

decided to put the heat to the test with an experiment on whether they could melt crayons when the heat index rose above 100 degrees. The crayons left outside didn't melt, but teachers were able to get them to melt with a hair dryer.
